acres planted before that time and that it is up doing nicely.

Mr. Thompson says he is 78 years old and this has been the hardest winter, it seems, that he ever experienced. Mr. Thompson is a clever citizen and a solid friend of the Democrat.

M. F. Hurdle, one of Trezevant's progressive business men, was here last Saturday to attend the committee meeting. Mr. Hurdle formerly lived in the Eighth district, and was then a frequent visitor of Huntingdon. He is a "regular" democrat and has much to do with the politics of his end of the county.

Brandon is charged with shooting into rural mail boxes. He seems to have made quite a practice of that kind of sport but was sharp enough to keep from being arrested for a long time. There is a pretty heavy penalty for this offense and Brandon will likely get the limit as he has given the government considerable trouble.

## FARM AND BEES

### GATE AND CONVENIENT LANES

Arrangement Shown in Illustration Permits Farmer to Drive Little Pigs Underneath.

(By R. G. WEATHERSTONE.)  
In hanging our farm gates and building fences, we should look ahead for advantages and disadvantages that may come up later on.

This post that the gate hangs to is round, so that the bands of iron

Gate and Convenient Lanes.

that serve as hinges may slip up and down as wanted. If we wish the gate raised a little to get the pigs under and keep the large hogs back, all we have to do is to raise up the gate and put the pin in one of the holes just below the band.

### BEES AND FRUIT TOGETHER

Few Stands of Little Honey Gatherers Will Add Materially to Profits of Orchard.

The ideal fruit farm, with its orchards of apples, cherries, pears and plums, its shade trees and its gardens, is hardly complete without at least a few stands of bees. Properly managed they will not only add to the profits of their owner, but supply his table with an abundance of the most luxurious of all delicacies, and add materially to the fertility of his berries and fruits by the pollen-distributing habits that these insects possess, writes D. W. Otis in the North-west Farmer.

This important feature, however, is generally omitted, or carried on in such a way as to result in very little profit and a great deal of trouble; and usually results in failure in the end; and this in face of the fact that it might easily be made one of the most profitable and fascinating of the fruit grower's occupations.

### Beware of Ointments For Catarrh that Contain Mercury,

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists. Price 75c. per bottle.

Take Hall's Family Pills for constipation.

Diarrhoea should be cured without loss of time and by medicine which like Chamberlain's Colic, Cholera and Diarrhoea Remedy not only cures promptly but produces no unpleasant after effects. It never fails and is pleasant and safe to take. Sold by all dealers.
